

Job Stories

When I learn about resin
I want to find short, easy guides
so that I can spend time on other activities

Group A

When I look up tutorials
I want to know where materials can be found
so that I can make projects with my partner

Group B

When I follow along with tutorials
I want to be able to listen
so that I can turn my attention to other things
when I need to

Group C

When I make resin
I want to feel safe and protected
so that I can focus on being creative
